PROFESSIONAL EXPERIENCE

Support Engineer Level 1

Edu Tek Ltd. | Ardsley, NY June 2026 – Current

- Serve as the IT lead for Concord Road School, supporting approximately 800 students and 100+ faculty.
- Diagnose and resolve Windows hardware/software, network, Wi-Fi, Microsoft 365, email, printer, and classroom technology issues.
- Administer Active Directory and Google Admin, managing user accounts, passwords, group memberships, access, and permissions.
- Investigate phishing reports, suspicious emails, and potential security incidents; remediate affected accounts and devices.
- Manage backup operations and monitor backup status; support virtual server environments using VMware.

IT Intern

Telecommunications Office | Vatican City Jan 2025 – May 2025

- Assisted with on-site IT support and systems operations by troubleshooting user technology issues, documenting technical processes, and supporting software and network-related tasks.
- Collaborated with IT staff on secure deployment of localized AI models (Ollama w/ LLaMA 2 7B).

PROJECTS

Dr. Nova – *Team Member* Oct 2024 – Dec 2024

- Collaborated with a team of three peers in a graduate-level LLM course to develop “Dr. Nova,” a webbased chatbot programmed in Python and designed to answer health and medical questions.
- Used Flan-T5 Base as the foundational model, training and fine-tuning it on Google Cloud using a publicly available medical Q&A dataset.

TECHNICAL SKILLS

- **Tools:** Active Directory, Google Admin, Mojo, Microsoft Office Suite, Linux, vSphere, Wireshark
- **Programming:** Python, Java, SQL
